Mr E J Guidotti
Guerneville;

Dear Nin;

Intended to get over to Guerneville on Wednesday, but my helper had trouble getting additional gasoline from the Ration Board, and as he is entirely out of gas, will not be able to do any work until they allow him an additional supply,

It now looks as if it will be Tuesday or Wednesday before can make it. Sorry about delay, but you know about the red tape the office of price regulation and gas supply have to hold things up.

Very truly yours

G S Abbott
