

DESIGN REVIEW COMMITTEE MEMORANDUM

DATE: May 31, 2023

ITEM: No. 1 – 10:00 am

FROM: Hannah Spencer, Project Planner

SUBJECT: File No.: **DRH21-0010**; DRC Meeting on Kenwood Ranch Winery
Applicant: Kenwood Ranch Winery, LLC
Supervisorial District: 1

On May 30, 2023, staff corrected water demand information listed in the project Addendum No. 2 (specifically page 16 of Attachment 5 to the DRC Staff Report). The Addendum No. 2 previously listed water demand information from the 2004 Draft EIR for Sonoma Country Inn project (now “Kenwood Ranch” project), however the final water demand table was modified in the Final EIR. Staff replaced the water demand information (gallons per day/acre feet per year) using the approved numbers from the Final EIR.
