## EXTERNAL

Dear Commissioners,

We at Save the Sonoma Coast, a group of 40+ long-time Sonoma Coastal advocates representing multiple non-profits, request an additional hearing be scheduled to address those Elements in the LCP which have been inadequately addressed with regard to public comment.

We have been unprepared for 3 previous hearings due to withholding of Staff Memos. The only one we have been allowed to access was sent the night before the January 13th hearing. We are addressing that issue with Staff (Gary Helfrich) now.

We have also been promised the opportunity to make final comments on all Elements prior to the Planning Commission's approval of the draft but there are no hearings scheduled for that purpose.

Thank you very much for considering our request.

Sincerely,  
Laura Morgan
