**Subject:** Questions re vacation rentals

Hi Gary,

The Santa Rosa Press Democrat indicates that 20 public meetings were held since last summer on vacation rentals. Can you provide the dates of those meetings and how the public and stakeholders were notified? As between PRMD and the tax collector you have the contact information for all vacation rental owners and all certified managers, was that information used? I don't recall ever being notified of the 20 meetings.

It is unclear if the vacation rental license program will reside in PRMD or report into a different department. Which department will oversee the vacation rental license program?

I don't recall ever seeing the maps which identify the recommended areas proposed for bans or severe restrictions on new rentals. When did public input on these areas take place? Will you be specific in the reason why each area in "brown" on the map is recommended for this restriction? It seems to be an enormous amount of land mass.

Thank you.

Best,
