Hello,

I am writing to express my support of Lowell Sheldon in his application to the Landmarks Commission to create alterations to the Historic Freestone Hotel. I believe Lowell's plans will honor and breathe new life into this historic building. All of the changes are in keeping with the hotel's historic charm. The small town of Freestone, which has the lovely historic landmark, has grown in popularity in recent years due to other businesses in town, and I believe this restoration of the Historic Hotel will give visitors a chance to appreciate Freestone's history in a new way. I hope you will approve Lowell's plans for this lovely historical site.

Thank you for your time in reading my comments.
